INTRODUCTION:

Leading Manufacturer, Supplier & Exporter of Premium Iron Door and Window Fitting Based in Aligarh (U.P.), India

Marsrover Ingot Private Limited is one of the most trusted and renowned names in the field of Iron Door and Window Fittings manufacturing in India. With a legacy of craftsmanship and a commitment to innovation, we specialize in designing and producing superior quality Iron Door Fittings and Iron Window Fittings that meet international standards of durability, design, and performance.

Our journey began with a vision to deliver uncompromised quality and reliability – values that continue to define us today. Over the years, Marsrover Ingot has evolved from a modest manufacturing unit into a reputed brand, recognized across India and beyond for its excellence in metal craftsmanship.

Under the dynamic leadership of Managing Directors – Mrs. Sucheta Mittal and CS Aditi Mittal and Ms. Anshika Mittal, and the strategic guidance of Promoters – Mr. Akash Mittal and Mr. Krishna Mittal, the company continues to scale new heights in the iron fittings industry. Their combined vision, professionalism, and customer-centric approach drive our continuous growth and success.

Our team of highly skilled professionals works with the latest technology and advanced machinery to ensure precision, strength, and aesthetics in every product. Each fitting undergoes stringent quality checks to ensure it meets both national and international quality benchmarks. We take pride in completing large-scale orders on time, offering a wide variety of designs tailored to client preferences.

We are deeply committed to using only the finest raw materials, sourced from reputed vendors, ensuring long-lasting quality and exceptional finish in every product we create.
